Members

The Responsible Business Alliance is the world's largest industry coalition dedicated to corporate social responsibility in global supply chains.

Beginning with eight members in 2004, today the RBA is comprised of more than 150 electronics, retail, auto and toy companies with combined annual revenue greater than \$5 trillion, directly employing over 6 million people. In addition to RBA members, thousands of companies that are Tier 1 suppliers to those members are required to implement the RBA Code of Conduct. More than 3.5 million people from over 120 countries contribute to the manufacture of RBA members' products.
